Dear Parents/Caregivers,

In our last newsletter we informed you of a new smart phone application called Konnective. The application is currently available for iPhone and Android with a web version available for other phone types or users without a smart phone. We will be using Konnective to send you news, events and information that is specific to your child’s grade as well as general information. The application is free to use and will mean that you can be even more connected with your children’s activities and events at the school.

To start using the service we require your permission to use your email address for uploading to the Konnective service. All personal information is handled in accordance with Konnective’s Privacy Policy. Please visit http://www.konnective.com.au/konnective/privacypolicy.html for more information.

If you would like to participate please complete the consent form below and return it to the school office by Wednesday 23rd October 2013. You will soon receive a welcome email from Konnective inviting you to download the application and register.

I have read all of the information provided by the school in relation to the Konnective smart phone application. I understand that my email address will be provided to Konnective to enable me to start using the service.

I Mr/Mrs/Miss/Ms ___________________________ (full name), parent/guardian of
